COURT DELAYS ITS RULING ON ORPET LETTERS

Judge Says Admission Might Have Dangerous Effect On Jury.

REPORTER TELLS OF TALK WITH PRISONER

Declares Student Explained He Never Told Marian He Loved Her.

WATKINS, Ill., June 21.—Judge Donnelly was still unapproachable when court opened today to rule on the admissibility of evidence of the escape of Wm. F. Orey to Mexico—Lambert, his chief alibi, having the young man to trial.

Dangerous to Give Jury.

The defense objected to the admission of the earlier letters as having no bearing on Marian's death. Judge Donnelly, speaking to the lawyers before the jury was called in, said that the letters were so preposterous to Orey as plainly indicating seduction that it would be dangerous and unwise to admit them.

"I have read the letters," said the court, "and they offend me. The effect on the jury may be imagined. They might not draw the distinction that we are trying the defendant for murder and murder alone."

May Delay Closing.

State's Attorneys didn't wait for their admission on the broad grounds that an illegal affair constituting a murder could be shown only by reading the entire series of epistles.

Argument on this point and the admissibility of other evidence may prevent the prosecution from concluding its evidence today.

Sheriff Tells of Arrest.

The citation of authority consumed six hours after which Sheriff Elmer Griffin testified to bringing in Madison, Mo., with State's Atty. Fred D. Dickey to arrest Orey at first denied having been at Lake Forest but in the end admitted that he was with Marian Lamberton on February 3, the day of her death, according to the witness.

Everett Fregan, a 21-year-old newspaper reporter who had several interviews with Orey, was arrested. He repeated to the jury his testimony of yesterday while the jury was excluded. In addition, he gave his name.

"Once I saw that he met Marian in Helm's woods to tell her their friendship had ceased—that he was through. He said that they walked together. She stopped and he walked on. When he looked back she had fallen in the snow."

"A Crime Proposition."

Fregan, in talking to Orey on the train coming from Madison to Lake Forest, asked Orey if he was engaged to Celista Youker.

"He said that they were practically engaged," related the witness. "He asked me not to drag his name into the case. He admitted that his relations with Marian were illicit. He said, 'It was a soft proposition. I never told her I loved her.'

In the course of the witness' cross-examination what had become of the bottle which contained the potassium cyanide. He replied that he could save the state a lot of trouble by clearing that up. I asked him if he had disposed of the bottle. He said no."

HUGHES SPENDS DAY WITH OLD CLASSMATES

PROVIDENCE, R. I., June 21.—Charles E. Hughes, republican nominee for president, was in Providence today to participate in college affairs. He marched with his class, that of '91, in the Brown University commencement exercises. It was announced that there would be no discussion of political affairs during the day. Mr. Hughes expects to have been at night for New York.

AMERICAN AVIATORS ARE ASKED TO RETURN

NEW YORK, June 21.—American aviators serving in Europe under the colors of France have been invited by the Aero Club of America to return to their native country for service in the event of war with Mexico. A cable message sent by the club to Lieut. Wm. Thaw of the Franco-American flying corps was couched in language of wounds in Paris said:

"Mexican trouble finds United States army with only fifteen aviators."

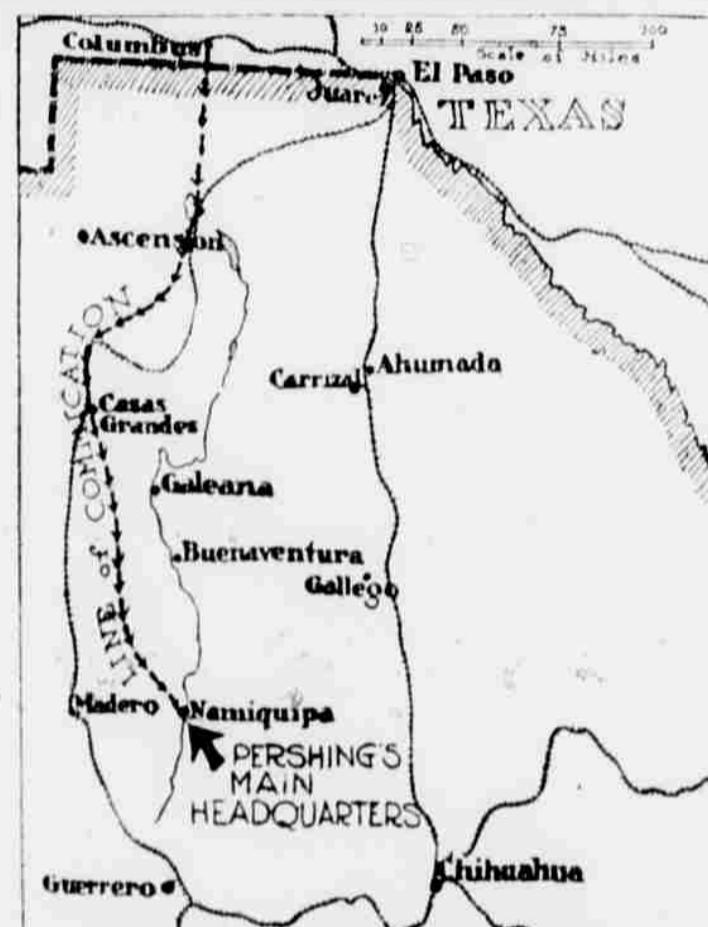

The corps numbers eight Americans, including Bert Hall of Galveston, Texas.

DELEGATES TO AD CLUB MEET CHOSEN

A special committee was appointed to-day at the weekly banquet of the Oklahoma City Ad club to urge and promote interest in the membership campaign of the Chamber of Commerce among Ad club members.

Delegates to the national convention of Advertising clubs in Philadelphia from June 24 to 27 were elected. They are John N. Newbern, Harry V. Kable, M. L. Crotcher and Chas. W. Hunter. Two other delegates will be selected for the delegation leaves next Friday. They will leave over the Frisco for St. Louis and join the St. Louis delegation Saturday.

Carranza's Deadline For U. S. Army

In ordering the United States to withdraw its troops from Mexico General Carranza drew a deadline below Namiquipa, below which American soldiers could not go without danger of war with Mexico. The dotted line shows the route of the troops south, and Carranza insists that the soldiers return by the same route forthwith.

Street Talker SPEEDERS TO BE Freed When he GIVEN \$50 FINE; Makes Appeal FORFEIT RIGHTS

High Court Releases Gates, Lecturer Arrested for Violating Orders.

City Authorities to Act Harshly With Reckless Auto Drivers.

E. H. Gates, socialist lecturer, who was convicted in the Oklahoma City police court and fined \$10 on a charge of using the streets for public speaking in violation of an order of the chief of police, was turned loose by the criminal court of appeals this morning through habeas corpus proceedings. Gates was committed to jail when he refused to pay his fine.

The decision of the court, announced by Presiding Judge Doyle, held that no testimony against Gates had properly been submitted to the court. The witness who testified against him was sworn in by an attorney and not by any officer authorized to administer an oath.

Arguments were based on the application of Dick Taggart, another Oklahoman, for a writ of habeas corpus.

About a year ago he was convicted of violating a city ordinance, fined and sentenced to jail. He paid his fine and was paroled by the police judge. Now an effort is being made to require him to serve out his sentence.

Taggart asserted the police court judge had no authority to issue him a parole and that he never accepted it. He asserts the statute of limitations has run against his confinement.
